

# Direct Screen SSB18

In this documentation you will find information about:

- Description
- Placement
- Dynamic Damping Control™
- Maintenance
- Connections
- Options
- Technical specifications

## Description

Fitted with the SA1806N 18" neodymium woofer the SSB18 (band-pass) subwoofer delivers outstanding ultra low frequency music reproduction in cinema en auditorium applications.

## Placement

The SSB18 can be placed directly on the floor of the cinema or auditorium. Please note that bass-response may vary with the position of the cabinet, through "acoustic coupling"! (floor, ceiling and wall reflections).

## Wiring for DDC™

For absolute top quality sound reproduction, the SSB18 is equipped with Dynamic Damping Control™. The DDC™ system is based on two loudspeaker wires that return from the speaker to the (SA) amplifier. The picture on the right shows the wiring of SpeakON NL4 connector in combination with the DDC™ system.

## Maintenance

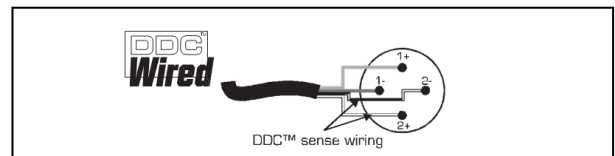

Maintenance on the SSB18, especially on the drivers, is best left to official Stage Accompany service personnel. However, cleaning of the cabinet can easily be done by yourself with a damp lint-free cloth.

## Connections

The SSB18 is fitted with two SpeakON NL4 at the backside of the cabinet. (Caution: when linking, make sure nominal impedance stays within amplifier specification!).

## Options

The SSB18 is standard finished in SA Black Protecture, but is also available in any possible RAL color (Multi Color Option™).

## Technical specifications

Frequency response	:	32Hz – 125Hz (+/- 5dB)
Usable bandwidth	:	28Hz – 150Hz (+/- 10dB)
Transducers	:	1 x SA1806N, 18" neodymium driver
Nominal impedance	:	8Ω
Max. RMS/Peak power	:	1000W/2000W
SPL program/peak	:	130dB/136dB
Band-pass sensitivity @ 1W/1m	:	100dB
Signal processing	:	presets for various controllers are available on request
Enclosure construction	:	15mm MDF, Protecture finish
Color	:	SA Black, other colors on request
Front	:	expanded steel with acoustic transparent cloth
Connectors	:	2 x SpeakOn NL4 (linked)
Physical dimensions (H x W x D)	:	600mm x 490mm x 860mm (23.6" x 19.3" x 33.8")
Weight	:	44kg (97.0lb)
Warranty	:	5 years limited (1 year on 'moving parts')
