

Windows 11 Install instructions

In this documentation you will find information about:

• Process of to disable the driver signature enforcement before installing Stage Control on windows 11

Before you install Stage Control on Windows 11 you need to disable the driver signature enforcement.

Please follow the next steps:

- 1. Press the Win button and click on PC settings
- 2. Switch over to the "Update & recovery" (system-recovery) section.
- 3. Once selected, you will see an advanced startup section appear on the right hand side. You will need to click on the "Restart now" button.
- 4. Once your Computer has rebooted you will need to choose the Troubleshoot option.
- 5. Then head into Advanced options.
- 6. Then Startup Settings.
- 7. You will need to restart your computer one last time.
- 8. Here you will be given a list of startup settings that you can change. The one we are looking for is "Disable driver signature enforcement". To choose the setting, you will need to press the 7 key.
